

Venetian Chains

One of the most popular chains on the market today is the Venetian chain; not only is it popular, but it is also a wardrobe classic.

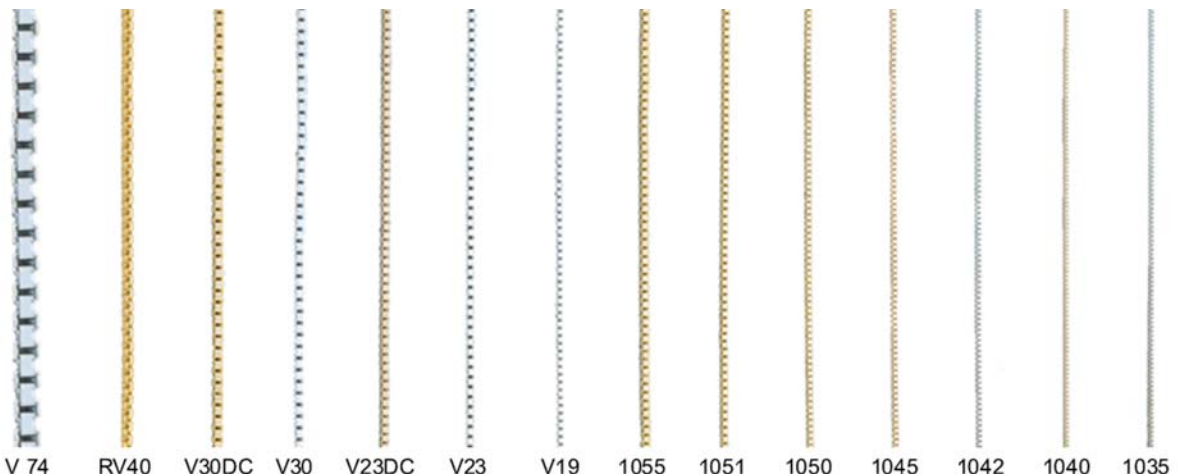

Venetian chains require a high degree of precision and high quality surface finishing in their fabrication. Our Venetian chains are made in our Attleboro, MA facility allowing us the ability to control all aspects of the process providing our customers with a product that meets the highest quality standards.

Item 1040
Enlarged to show detail

Our 1040 Venetian Chain, .53mm is an affordable option that works well with any clasp and is a perfect compliment to delicate pendants. The flat surfaces on the box cut chain catch and reflect the light sparkling brilliantly when worn.

If you are looking for a Venetian chain then Excell Manufacturing is sure to have one that meets your needs; we offer a complete line of Venetian chain ranging in size from .77mm—4.54mm, foot chain or assembled and available in a variety of precious metals; many styles in stock for immediate delivery.

Call your customer service representative today and place your order for one of the most versatile pendant chains on the market today!
